Chickadee Song

*Listen for their "dee-dee-dee" call*

### Animals and Signs

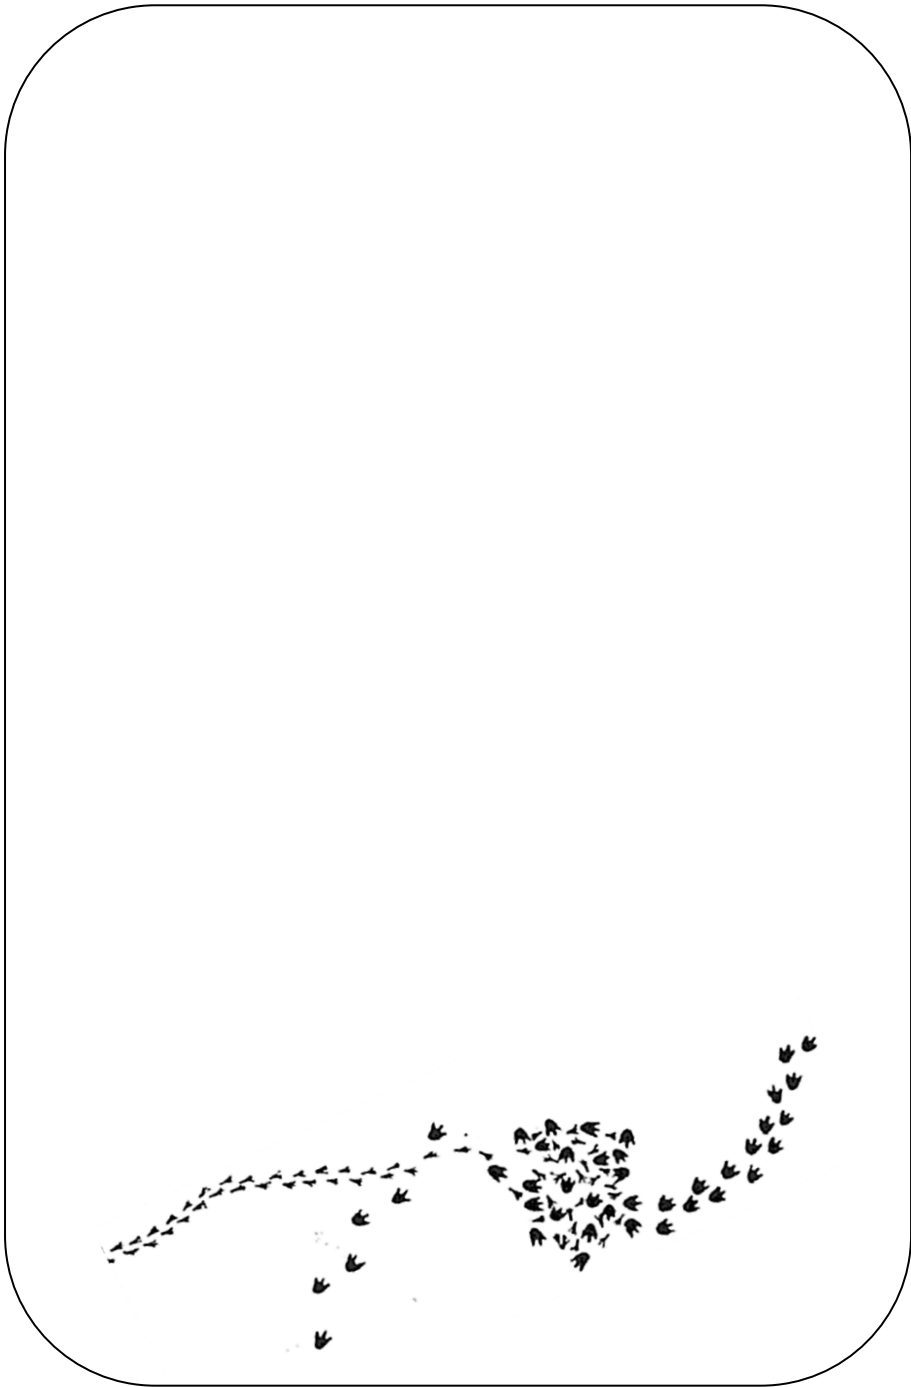

- Snail or Slug
- Woodpecker hole
- Feather
- wind (hear or Feel)
- Spider
- Scat (*poop*)
- Chewed Leaf

**Create a sound map:** find a comfy spot to sit. The paper is your map and you are at the center. When you hear a sound, make a mark on the paper to represent the sound and its location. Try it with eyes closed. How many different sounds do you hear?

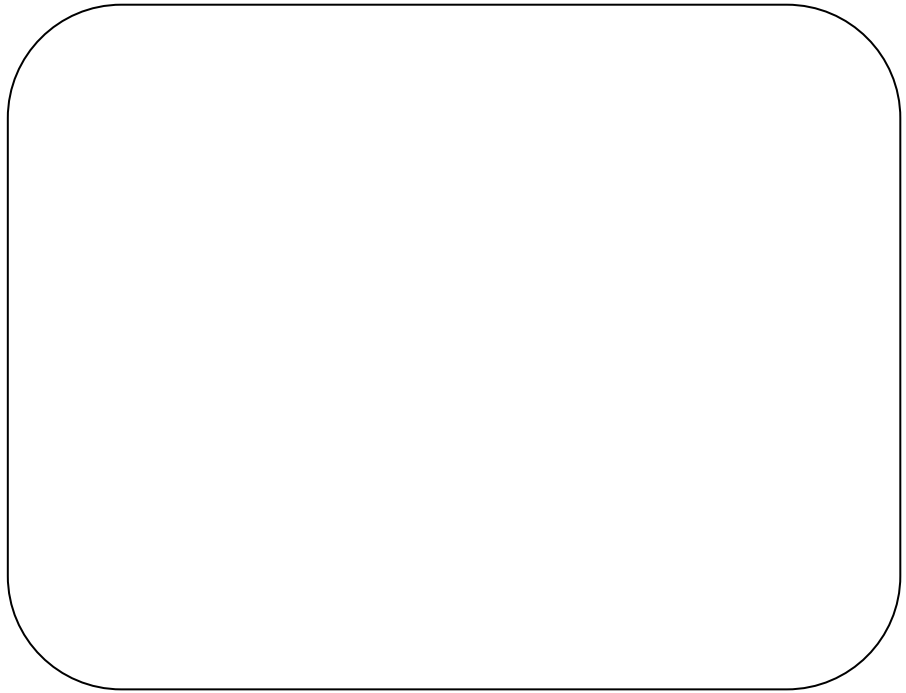

**Tracking:** visit the beach to find animal tracks in the sand. Sketch what you find below.

**Drawing from two perspectives:** find something you would like to draw. First, draw it from a distance not too far to see. Next, try drawing the same object from a zoomed in and very close view.
